Clothing Recommendations

Pastel colors will look amazing on this set! Green, pink, blue, lavender and yellow will look fabulous. Solids or small prints photograph best! Avoid clothing with bold patterns, stripes, large logos, or writing. Add layers & accessories (hats, jackets, bow-ties, jewelry).

Props: Send fresh flowers, wooden toys, dolls, a favorite stuffed animal, musical instrument, their lovie or anything else your child loves!

Another excellent experience! The photographer and assistants were so good with my son and the set was tasteful and timeless. - Megan

I LOVE LOVE LOVE my pictures that were taken of both my children. They are sweet and reflect their personalities. And the price well, excellent. I have paid thousands of dollars for newborn sessions, birthday portraits, mini sessions and these were just as good quality. - Elizabeth

Our experience was wonderful! The photographers were terrific, patient, and just what my son needed to actually enjoy himself. - Paul
